**ENTERTAIN ON THE GO** Play everything from movies to games on large dual 8-inch headrest monitors for your rear passengers, while you and your partner can enjoy the latest tunes. In the rear console, an HDMI port offers even more enjoyment options.<sup>1</sup>

**RESHAPE VERSATILITY** Three rows are impressive. But a second-row seat that lets you tilt and slide without removing a child's seat<sup>2</sup> is liberating – and exclusive to the QX60. If you're inclined towards more room, the second row can easily move 5.5 inches back to welcome taller passengers.

**SEE EVERY SIDE** Gain a new perspective on what's around you. A world-first technology from INFINITI, the Around View<sup>®</sup> Monitor with Moving Object Detection<sup>4,8</sup> and Front and Rear Sonar System<sup>4,9</sup> helps you see and manoeuvre in even the tightest spaces. Four cameras and one virtual 360° view from above add ease while elevating your parking expertise.

**BACKUP WITH CONFIDENCE** Another world-first safety technology, Backup Collision Intervention,<sup>1,4,10</sup> alerts you to crossing traffic and large stationary objects detected when backing up. The system can even brake before you do to help avoid a collision. On the road, you have the ability to sense beyond what you can see with our world's first Blind Spot Warning<sup>1,14</sup> that uses radar sensors to help detect cars in your blind spot when changing lanes.
