## The Result of Perfection

Bold, exquisite and elegant. Just like the greatest works of art, the Pajero is admired on many levels. Brought to life through the finest craftsmanship and meticulous attention to detail, right down to its refined grille and interior, the Pajero demands to be desired by all those who set their eyes on it.

3.8-liter 5-Door GLS shown with optional equipment / Cool Silver Metallic [A31]  
Equipment may vary according to market.

3.8-liter 5-Door GLS shown with optional equipment / Black Leather seats  
Equipment may vary according to market.

## Man-Machine Interface

Comfortable and inviting, the interior of Pajero is a far cry from the terrain it was designed to face. Illuminated meters and leather-wrapped controls are all ergonomically arranged and awaiting your command, while the soft leather seats and luxurious appointments throughout tempt you to forget your destination and simply keep driving.

3.8-liter 5-Door GLS shown with optional equipment / Black Leather seats  
Equipment may vary according to market.

## Cool Sport

As sleek as it is spacious, Pajero's expansive interior delivers a ride of luxurious comfort for you and your passengers. Providing ample head- and legroom for up to seven occupants, Pajero also features versatile seating arrangements to match your carrying needs. The third-row seats can be easily stowed under the floor to create a wide, flat storage space ideal for suitcases, or removed completely to give you a convenient underfloor compartment. For even larger items, the second-row seats can also be folded down to provide enough space for nearly anything you want to bring.

## Flexible Utility Space (5-Door)

Every day brings new destinations, new friends, and new adventures. You don't want to be stuck in someone else's rigid assumptions of where to go and what to do. Pajero understands, and provides you an interior as versatile as it is roomy, with plenty of seating and storage options for work, fun or daily life.

### Seat Arrangements (GLS and GLX)

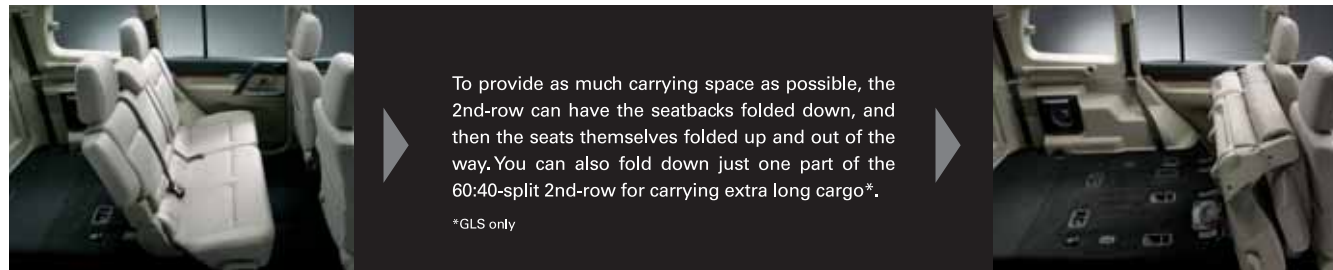

With the 3rd-row stowed, the 1st and 2nd-rows can be laid flat, creating a comfortable sleeping area.

The 2nd-row has a 60:40 split, allowing you to carry extra-long cargo while still seating four comfortably. (GLS only)

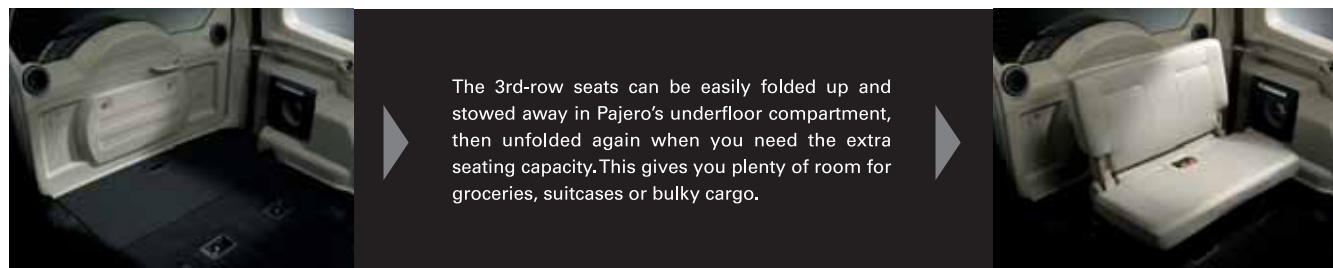

Fold up the 2nd-row as well to make full use of Pajero's massive carrying capacity.

### Convenient Folding 2nd- and 3rd-row Seats (GLS and GLX)

To provide as much carrying space as possible, the 2nd-row can have the seatbacks folded down, and then the seats themselves folded up and out of the way. You can also fold down just one part of the 60:40-split 2nd-row for carrying extra long cargo\*.

\*GLS only

The 3rd-row seats can be easily folded up and stowed away in Pajero's underfloor compartment, then unfolded again when you need the extra seating capacity. This gives you plenty of room for groceries, suitcases or bulky cargo.

## The Best in Navigation and Entertainment

Going for a drive should be an enjoyable experience. That's why the new Pajero features an original navigation system with an intuitive 7-inch touch-panel display that gets you where you want to go with ease and in style. And while on the road, the Rockford 12-speaker system puts you in the audience at the touch of a button. But while the driver's seat is surely the best seat in the house, rear passengers at least get to enjoy their favorite DVD movies on the 9-inch widescreen display.

### Rockford Acoustic Design® Premium Sound System

At the heart of Pajero's entertainment console lies a premium audio system specifically designed for Pajero by Rockford® Corporation. Being surrounded by 12 optimally positioned speakers, you get the most spectacular in-car theatric acoustic atmosphere possible. A powerful rear subwoofer gives out deep, punchy bass while eleven other premium speakers deliver rich stereo surround sound.

### Navigation System

With the help of navigation in the impressive Mitsubishi Multi Communication System you can be guided by clear, turn-by-turn directions shown on the high definition touch-screen in both English and Arabic (only Arabic in map data).

The center information display continuously shows time, direction and outside temperature.

# AWC (All Wheel Control)

More than a technology, All Wheel Control is our guiding philosophy. Incorporating an array of innovative systems into an integrated performance and control network, AWC delivers precise traction, power and slip control for each wheel independently to ensure complete driver control even in extreme handling conditions.

- 
**4-wheel Traction Control**
  - Monocoque Body with Built-in Ladder Frame
  - Front Midship Layout
  - Independent Suspension
- 
**4-wheel Power Control**
  - Super Select 4WD II (SS4 II)
  - Rear Differential Lock
- 
**4-wheel Slip Control**
  - Multi-mode ABS + EBD
  - ASTC and Rear Differential Lock
  - Independent Suspension

## Monocoque Body with Built-in Ladder Frame

They say that superior off-road handling capability could only come at the expense of on-road smoothness. They have obviously never driven Pajero. By incorporating a lightweight and highly rigid monocoque body with a built-in ladder frame that provides added resistance to torsion and flexing and fixing them atop a dynamic

independent suspension, Pajero achieves an unprecedented combination of all-terrain control and luxury-sedan comfort. For added durability, Pajero now makes more extensive use of galvanized steel body panels, while the new aluminum hood panel reduces weight for better handling.

## Front Midship Layout

The engine on Pajero has been shifted back closer to the center of the vehicle. This places more weight between the axles to greatly improve handling and control. In addition, the new engine position allows a better approach angle and provides added crumple zone protection in the event of an accident.

## Independent Suspension

Pajero's rally-proven all-wheel independent suspension gives drivers confident, predictable handling in even the most unpredictable road conditions. The front double-wishbone and rear multi-link suspensions use coil springs to provide quick and natural response, especially when cornering.

## Suspension Travel

The independent suspension, coil springs and monocoque body all work together to provide a greater degree of suspension travel. The result is impressive road-handling and greater stability even over the roughest off-road conditions.

# ASTC (Active Stability and Traction Control)

ASTC utilizes a network of control units and intelligent sensors to monitor vehicle status as well as the driver's steering. As road and vehicle conditions change, ASTC manages the forces on all wheels by precisely controlling engine torque and braking force going to each one, providing improved vehicle control, trace ability and traction in all driving conditions. ASTC lets driving enthusiasts enjoy the full potential of Pajero in complete confidence.

In oversteer, ASTC determines appropriate counter yaw moment and applies braking force to the outer front wheel to prevent spinout and ensure better trace control.

In understeer, ASTC determines appropriate yaw rate and applies braking force to the inner rear wheel to prevent drift-out and ensure better trace control.

ASTC calculates real-time vehicle status via sensor data. Whenever the potential for oversteer or understeer in corners is detected, ASTC determines the correct yaw for Pajero and applies braking force to the appropriate wheels. This enables drivers to maintain control even in slippery road conditions.

## Rally-proven Technologies

Mitsubishi's advanced control technologies were first conceived and developed to meet the challenges of the world's most grueling rally courses. Proven under real-world conditions more demanding than any test track, they are now ready to go into Mitsubishi vehicles like Pajero.

## Rear Differential Lock

Pajero also offers a rear differential lock for extreme off-road conditions, delivering the traction and handling needed to prevent wheel slip and navigate treacherous situations. Combining its low-torque performance with ASTC, drivers will find that no adventure is out of reach.

## Super Select 4WD II (SS4 II)

Pajero's advanced SS4 II lets you shift between 2H, 4H and 4HLC modes at speeds of up to 100km/h, providing on-demand control for highway performance or off-road traction whenever you need it.

## INVECS-II AT

INVECS-II AT provides a smoother, more active driving feel while also improving fuel efficiency. It has been programmed with suitable shift patterns for a wide range of road conditions. Drivers may also select the D-Range setting, which duplicates the shift timing of an average driver for a natural driving feel that reduces fuel consumption.

## Sports Mode for AT

Standard on all AT models, Sports Mode delivers the excitement of a manual shift while still providing the convenience of an automatic. Changing gears for enhanced response and performance with just a touch of the shifter, Sports Mode reminds you of what driving was like back when you first learned how.

 <p><b>2H</b> (2WD high range)</p> <p>For cruising down the highway or just making a quick trip across town, 2H mode shifts you into rear-wheel drive for smooth, quiet, fuel-efficient performance.</p>	 <p><b>4H</b> (4WD high range)</p> <p>When the weather gets bad and the roads start turning rough, 4H mode provides added traction. The dynamic front/rear torque split adjusts between 33:67 and 50:50 to give you greater control for high speed driving.</p>	 <p><b>4HLC</b> (4WD high range with locked center differential)</p> <p>Keeping you on track even in rugged or slippery conditions, the 4HLC mode distributes power to all four wheels equally for off-road excitement with a steady sense of control.</p>	 <p><b>4LLC</b> (4WD low range with locked center differential)</p> <p>Switch to 4LLC mode when you need all the tractor-like crawling power Pajero is capable of. Maximized low-end torque pulls you through even the roughest terrain, stickiest mud and deepest snow.</p>
---	--	---	---

## Engine Performance

The control that put Pajero in the Dakar Rally record books didn't come by skimping on engine power. The rugged outdoors are unforgiving on those who show up unprepared, which is why Pajero comes with a range of engines to provide ample power for all conditions.

### 3.8L 24-valve V6 SOHC MIVEC

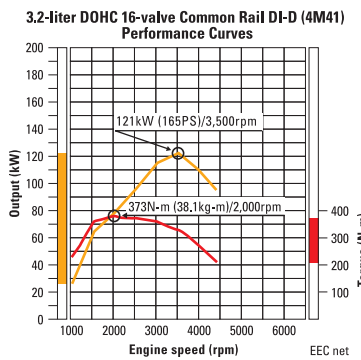

Pajero's 3.8-liter engine puts an incredible 250PS\* at your command ensuring that you'll never be short on power. The new MIVEC (Mitsubishi Innovative Valve-timing Electronic Control) system varies the inlet valve timing and lift to optimize engine output across more of the rev range. The net result is enjoyment of the full potential this powerhouse has to offer, with quicker starting response and sure, confident cruising performance.

\*5-Door models

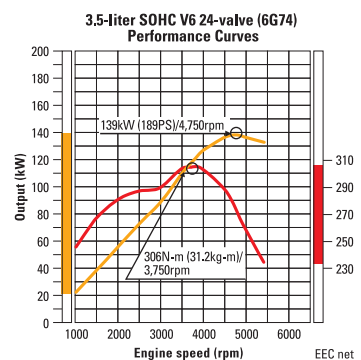

### 3.2L 16-valve DOHC COMMON RAIL DI-D

The 3.2-liter DI-D (Direct Injection Diesel) engine provides superior torque, especially at low and mid rev ranges. The new Common Rail injection system electronically controls fuel intake to deliver precisely the right amount to each cylinder, while the direct injection system enables far more efficient combustion for better fuel efficiency and reduced emissions.

### 3.5L 24-valve V6 SOHC

The 3.5-liter V6 gasoline engine delivers an incredible amount of output power for high-range cruising on the open highway, while still providing plenty of torque to give you ample pulling capability when hauling heavy loads or help you get through rough driving conditions with confidence. The ECI-MULTI electronically controlled fuel injection system maximizes intake efficiency to produce more complete combustion, resulting in fewer emissions and giving you even, responsive acceleration you can depend on at any speed. And the single overhead camshaft design reduces engine vibration and mechanical noise for a smooth and quiet ride.

### Variable Intake Manifold

Designed for the 3.8-liter engine, it further optimizes performance by adjusting air intake. At low and mid rpm ranges, only the primary port is used, increasing airflow speed for better torque and quicker starts, enhancing off-road escape-ability and fuel efficiency. At higher rpm ranges, both intake ports open to increase airflow volume and maximize power.

### Common Rail Fuel System

The critical factor in precision diesel engines is pressure. By using a Common Rail to supply fuel injector lines, a single pump can provide constant high fuel pressure. In addition, the ECU electronically controls fuel flow to allow three injections with every cycle, maximizing power output while minimizing waste and emissions.

### Cyclone-type Pre-air Cleaner

To perform at its best, an engine needs a continuous flow of clean air. The pre-air cleaner, featured on all models, increases air intake while filtering out dust and moisture. With the engine breathing easy, Pajero is ready to take on any road.

## Safety and Reliability

Accidents happen. Mitsubishi knows that sometimes the road throws an unexpected surprise in your path, so Pajero is outfitted with an array of advanced active and passive safety technologies. Enjoy your drive with the peace of mind of knowing that you and your passengers are safe and secure.

### Monocoque Body with Built-in Ladder Frame

The strength of Pajero's ladder frame has been nearly tripled over previous designs, providing even better resistance to torsional and flexural stresses without any further increase in weight. This rigidity translates to better handling and comfort over difficult road conditions and lower chance of control loss.

### ASTC (Active Stability and Traction Control)

ASTC analyzes the forces acting on Pajero to anticipate control loss and take preventive measures. Additional braking is delivered to the wheels that need it, enabling you to hold your line precisely through each turn.

### 1 Dual-stage SRS Airbag System, Side and Curtain SRS Airbags (optional)

In the event of a forward collision, the driver and front passenger are both protected by front SRS airbags. To further increase safety, the onboard computer measures the force of impact and adjusts airbag deployment speed to best reduce the chance of injury to occupants. For side collisions, the driver and front passenger are protected by side mounted airbags set to deploy at just the right position regardless of seat position. Furthermore, curtain airbags mounted in the ceiling lining deploy to protect front and 2nd-row occupants.

### 2 Automatic High Beam System (optional)

This in-vehicle camera sensor continuously monitors headlamps and tail lights of oncoming and preceding vehicles. If a nearing vehicle is detected by the camera sensor, the Automatic High Beam system automatically switches to low beam. Once there are no oncoming or preceding vehicles with headlamps or tail lights turned on in close proximity, the system immediately reverts back to high beam. Without the need for manual operation, driving is even more safe and comfortable.

### 3 Premium Security Alarm System (optional)

This theft protection system has been improved from earlier models. It is equipped with sensors to detect inclination and intrusions. In addition, the built-in battery power back-up activates an alarm when the battery wire is detached to prevent illegal access.

### 4 LED daytime running lamp with position lamp

Beyond enhancing safety by increase visibility when driving during the daytime, the LED daytime running lamps add a touch of style for good measure.

### 5 RISE Body

Using front and rear crumple zones to absorb and diffuse collision damage before it can reach the cabin interior, Pajero's RISE (Reinforced Impact Safety Evolution) body design is built to minimize occupant injury regardless of which direction trouble comes from. The rigid monocoque body provides further protection by encasing occupants within a steel framework that resists damage.

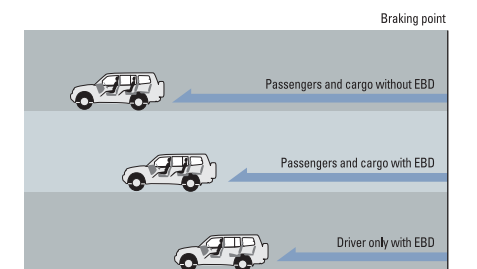

### 6 Safety-design Fuel Tank

Positioned ahead of the rear axle to help prevent leakage in a collision, Pajero's fuel tank is also guarded by a tough resin underprotector.

### Multi-mode ABS (Anti-lock Braking System)

When the road throws you an unexpected curve, ABS ensures that you'll be ready. The 4-sensor, 4-channel system is matched to each SS4 II mode to ensure skid-free braking regardless of surface conditions.

### EBD (Electronic Brake-force Distribution)

EBD modulates each braking channel independently, providing additional force to the rear wheels when the vehicle is carrying passengers or cargo. This ensures you are able to come to a stop quickly and safely, regardless of load or road conditions.

## 5-DOOR GLS

Gasoline engines : 3.8-liter V6 MIVEC ECI-MULTI (shown here) / 3.5-liter V6 ECI-MULTI

Diesel engine : 3.2-liter Common Rail DI-D

Cool Silver Metallic [A31]

**Exterior features:**

- Light alloy wheels
- Black front skid plate
- Color-keyed rear license plate garnish
- Chrome outer door handles
- Black door sashes
- Chrome power door mirrors with approach lamps and turn lamps
- Side garnishes with wheelhouse moldings and tailgate garnish
- Silver rear lower bumper

Beige interior with glossed wood-print accent panels  
Note: Audio shown is optional

**Interior features:**

- Leather-wrapped steering wheel
- Leather-wrapped gearshift and transfer knobs
- Leather-wrapped parking brake lever
- Chrome inner door handles
- Glossed wood-print accent panels
- Illuminated vanity mirrors with lids for sunvisors
- Electronic chromic rearview mirror
- Front foot lamps (both sides)
- 2nd-row 60:40 split bench seat
- 2nd-row height-adjustable headrest x 3

Beige Fabric seats  
Note: Audio shown is optional

**Leather Seats (Option)**

Beige Leather seats (black also available, refer to p. 17 for details)

## 5-DOOR GLS (GOLD EMBLEM PACKAGE)

Gasoline engine : 3.8-liter V6 MIVEC ECI-MULTI (shown here)

Diesel engine : 3.2-liter Common Rail DI-D

Platinum Beige Metallic [S18]

**Package features:**

- Gold front three-diamond badge
- Gold hood ornament
- Gold rear three-diamond badge
- Gold "PAJERO" badge
- Gold "3.8 V6" badge on tailgate (3.8-liter model only)
- Light alloy wheels with gold emblem center caps
- Chrome side protector moldings

## 5-DOOR GLX (PACKAGE OPTION FOR GLS)

Gasoline engines : 3.8-liter V6 MIVEC ECI-MULTI (shown here) / 3.5-liter V6 ECI-MULTI

Diesel engine : 3.2-liter Common Rail DI-D

Platinum Beige Metallic [S18]

Gray interior with glossed wood-print accent panels  
Note: Audio shown is optional

**Standard features:**

- Light alloy wheels
- Black power door mirrors
- Front seatback pockets
- Front seat height-adjustable headrests
- 2nd-row bench seat with reclining adjuster
- 2nd-row height-adjustable headrest x 2

Gray Fabric seats  
Note: Audio shown is optional

- 2nd-row center armrest with cup holders
- 3rd-row front facing removable bench seat
- 3rd-row left side armrest with cup holders
- Mood lamp on ceiling
- Floor console box with upper and lower compartments and slide adjustable center armrest

- Tailgate pocket with lid
- Cargo room floor box
- Cargo room accessory socket
- Height-adjustable front seatbelt anchors
- Keyless entry system with 2 transmitters and master key (folding type x 2)

### 3-DOOR GLS

Gasoline engines: 3.8-liter V6 MIVEC ECI-MULTI (shown here) / 3.5-liter V6 ECI-MULTI

Eiger Gray Metallic [U19]

**Exterior and interior features:**  
Same as 5-Door GLS model, excluding black door sashes

Gray interior with glossed wood-print accent panels  
Note: Audio shown is optional

Gray Fabric seats (optional black Leather seats also available, refer to p. 17 for details)  
Note: Audio shown is optional

### 3-DOOR GLS (GOLD EMBLEM PACKAGE)

Gasoline engine: 3.8-liter V6 MIVEC ECI-MULTI

Platinum Beige Metallic [S18]

- Package features:**
- Gold front three-diamond badge
  - Gold hood ornament
  - Gold rear three-diamond badge
  - Gold "PAJERO" badge
  - Gold "3.8 V6" badge on tailgate
  - Light alloy wheels with gold emblem center caps

### 3-DOOR GLX (PACKAGE OPTION FOR GLS)

Gasoline engines: 3.8-liter V6 MIVEC ECI-MULTI / 3.5-liter V6 ECI-MULTI (shown here)

Platinum Beige Metallic [S18]

**Standard features:**  
Same as 5-Door GLX model, excluding 3rd-row front facing seats, cargo room floor box, cargo room accessory socket, 2nd-row center armrest with cup holders and 3rd-row left side armrest with cup holders

Gray interior with glossed wood-print accent panels  
Note: Audio shown is optional

Gray Fabric seats  
Note: Audio shown is optional
